OUR GUARANTEE:

We guarantee that this new "Handy Volume" issue is the complete Eleventh edition of The Encyclopaedia Britannica, without abridgement or the change of a single word-line for line, page for page, map for map, illustration for illustration, the same as the larger-volume and higher priced Cambridge University issue, except that the page is

We guarantee that the new "Handy Volume" issue is published by The Encyclopaedia Britannica Corporation, which owns the American copyright to the new Encyclopaedia Britannica.

We guarantee your entire satisfaction with your purchase; and anyone who, for any reason, is not satisfied, may return the set within three weeks and we will return to him all that has been paid, including the shipping charges.

We guarantee that this new issue contains every one of the 30,000 pages, 15,000 maps and illustrations, 41,000 articles and 44,000,000 words in the Cambridge University

We guarantee that the new issue is manufactured by the same printers and binders as the more expensive issue; and that the fine India paper, the press work and illustrations, the bindings and every detail of this new issue are of the best quality, as you may see for yourself wherever the volumes in the different bindings are on view; or by the simple act of forwarding to us your name and address with one dollar enclosed. Remember, this dollar comes back to you together with the shipping charges which you pay, if you are not completely satisfied with your bargain.

If you keep the set, you have then to pay only three dollars a month, ten cents a day for 21 months, and this great work, standard since 1768-a magnificent library in itself, and the treasured possession of almost every English writer or scholar for a century and a half, becomes your possession in its newest and latest issue—the greatest work of reference ever published in any language.

The new "Handy Volume" issue is incomparably the most convenient encyclopaedia ever issued. The whole 29 volumes weigh now only 52 pounds, as against 240 pounds for the Cambridge University issue on ordinary paper. You can take one of these new volumes, which is not larger than an ordinary novel, and hold it in one hand and read it for hours without tiring. We regard it and those who have seen and compared the two issues likewise regard it as a miracle

of book-making. The cheaper issue is much more convenient. Come and see it or better still, write us enclosing one dollar with your name with the coupon below checked opposite "2." For more information send the coupon checked opposite "1."

The "Handy Volume" sets are printed on the famous India Paper, in four styles of binding, at the following prices, for cash or on the instalment plan.
